“ *I just found out about John's passing. We worked together while he was at Paul Inman. John was smart, a hard worker and always had a great sense of humor. In the past few years we would exchange email jokes and would send text about football games. He will be missed. My condolence to the entire Stansik family.*

“ *Every time we met , John had the biggest smile and couldn't wait to tell me his latest joke. Trying to one up each other on jokes the other hadn't heard went on since we met almost 30 years ago. After the formalities, John we discussed our families well being as people do, and John was always so very proud of his beautiful wife and kids. Chris, Kyle, Courtney, your dad cherished all the moments he shared with you. He loved you all so very much. Not too many men would discuss that love with other men but your father wasn't ordinary by any means. John, thank you for all the laughs, jokes, some of your pranks, kindness and for being my dear friend. Most sincerely ,Wes*

“ *My condolences to John's family.*

John came to St. Al's after I graduated, but we met later when he coached my younger brother Charlie. We ended up coaching together at St. Al's; and grew to become good friends. You could not help but become John's friend because his enjoyment of life was so infectious. Like he was an athlete, as a coach John was very competitive and always wanted your best, but he never lost site of what was most important -- the people around him.

Whenever I made it back to MI , stopping in at the arena to visit was part of the trip. I would sit down in his office and it was like 25 years fell away in an instant. We were two guys enjoying just enjoying the moment. I shall miss those moments. Good friends are one of life's few treasures.

“ John was a fellow Gator, Arrow, my Coach and Friend. He was my baseball coach at St. Alphonsus in the early 70's. His laid back coaching style mixed in with a great sense of humor made him a coach that you wanted to play for, he cared about his players. His one weakness was his attempts to get mad, he just couldn't stay serious enough before that famous grin appeared back on his face. Looking back now, when describing his coaching style it wasn't a style, it was John and I believe that's what made him successful in business, friendships and most importantly family. My thoughts and prayers go out to Pam, kids and the entire Stansik family. You will be missed Donald Duck.

“ I have nothing but the fondest of memories of John. He too was my football/baseball coach at St. Alphonsus. What a great level headed coach with an absolutely fantastic sense of humor. I was fortunate enough to continue to stay in touch with John these many years after high school graduation in 1975. Tiger games, lunches, or just stopping by the rink to say hello. All I can say is what a great coach and more importantly, friend. Thanks for being one of the "good guys" John. My sincere condolences to Pam, kids and the entire Stansik family.

“ I remember John was about 19 and came to the house. He and my Dad (who also loved hockey) put my little 9 & 11 year old brothers in catchers masks, chest protectors, and taped magazines around their legs for pads. They proceeded to play hockey in the basement with real sticks and a roll of electrical tape! The noise level down there was something else, but surprisingly nobody got hurt !

John had the biggest heart & and you could always count on him for a good laugh. In November, I was shopping when I got a call from him. He had me laughing so hard, out loud in the aisles of Target, that I know people thought for sure I had lost my mind! Needless to say, I pushed an empty cart through the store having purchased nothing on my list but came out with so much more!

My love and prayers to Pam and his family, he was a special make of a man!

“ One of my favorite memories of John is when he Coached Summit Academy Baseball in 2007.

On our way up to a Tournament in Dundee, a teammate mentioned that if we win this Tournament, Coach should buy us all steaks. Mind you, no one has ever one a Tournament at this school and we were by far the underdogs... Seeing as Coach knew we weren't going to win, of course he said yes to the deal! What's the worst that could happen?...

...Steak never tasted so good.

*Thanks for the steak Coach.

“ I know that John was a special person because there was always an extra spark in my husband's voice when he shared their stories with me. There was always a twinkle in his eye when he would get a text message and the trip he made to MI to spend time with John will be one I know he will hold dear to his heart until they are together again. A part of Alex has gone to the other side and understandably so because John was so special to him and he loved him so much. “ As an eleven year old boy I remember watching John play football for St. Al's, He was a gifted athlete and seemed to be all over the field and involved in every play. All the kids looked up to him, and wanted to be like him. A few years later I had the honor of playing for him from 8th grade to my senior year. We all loved him and respected him, he was truly a "Players Coach" I remember one day during baseball practice, when I took a one hop ground ball directly into my chest. The ball hit me so hard it broke the chain holding my St. Michaels medal. From the sideline I heard coach Stansik yell out, "Check the ball make sure its not damaged". Everyone had a big laugh, I still laugh when I recall that story. John made sports fun for me, and my teammates. I won't ever forget what John did for us as young men.

God bless John Stansik and his family.

“ My prayers go out to the Stansik family. Coach John coached me for 8 years at St. Al's from 5th grade thru 12th-football and baseball. John took care of me for all those years. He was great friends with my brother who coached with him and always looked out for me. He was like the the OLDER Brother who actually liked me and encouraged me. I played hockey and John and I always shared that connection as the only real skaters. He taught me so much and showed me how to be a good friend, student and athlete. He was such a big part of my development of my own character. Coach always kept things "loose" and funny but made sure you knew what the "right thing to do was". AT the time John would always give his Vette to a senior for Prom Night. It is a highlight to this day that I still talk about regularly. He will surely be missed but never forgotten!!! My brothers Coach John, Frank and sister Agnes were all friends of John and we will all miss him and wish the best for his family.
