“ I have missed greeting Jose in the hallway and having a few words  
as we go about our workday. He was such a kind and caring  
person. His professional attitude stood out, and is an example to all.  
I am so sorry for your loss. He is a great loss to the people in this  
department.

“ *My sincere and heartfelt condolences to the family of Jose. I was blessed to have known Jose in my work experience at Detroit General/Receiving Hospital. He was an exceptional diagnostic radiographer and a true leader in his supervisory role. He always had an extra moment to assist and shared his technical expertise with students and staff. Such a wonderful human being. This man was a beacon to others. I pray for God to bestow blessings on this family during this transition period and that they be comforted in the knowledge that their loved one was not only loved by the family but by a plethora of friends and coworkers.*

“ *dear barbara: On behalf of my wife susan and myself I am in a state of shock on hearing of the passing of Frank. Words cannot describe how I felt about Frank and the good times him and I had together at Detroit General and Detroit Receiving Hospitals.
