“ *Dear Henshaw family: Mr. Henshaw was my 8th grade biology teacher at Junior High east in 1964. You would not believe how many times I tell people about Mr. Henshaw. Some people leave a lasting impression on others and I will always remember Mr. Henshaw for the perfect gentleman that he was in every situation. What I still tell people about to this day is how he could lecture for an entire semester and never open a book or refer to a note: it all came directly from his brilliant mind. He certainly made an impression on a little 8th grader who will always remember him. I can picture him in class right now. I, like you, am one of the lucky ones whose life was touched by a great man. I will always be thankful. I am sorry for your loss. Sincerely, Donn Woody.*

“ *Jan and family, I just read about Joe's passing. I am so sorry I missed it. Joe and I go back a long ways and he was always a great friend. When Joe was ill so many years ago, I got to know you and the kids. I will always remember you, Joe and the children. My heartfelt sadness to you. Sincerely Orlean Baker*

“ I'm so sorry to hear of Joe's passing, my thoughts and prayers go out to you and your family. I got to know him over the years when he would come into Canton High School and thought he was one of the nicest, kindest people I've met. I was concerned that I hadn't seen him for awhile. Again, my deepest sympathy to your family.

“ Kim, I'm not sure if you remember me or not, but, we went to Canton together. I am so sorry to hear of your dad's passing. I did have him our Senior year for Biology. I looked up to him, and he made me feel like I was one of his better students. My locker was just outside his classroom door, and he knew me and would tease me. He was a sweet man, and I felt it important to tell you. If you want, you may contact me after things settle down. Thinking and praying for you and your family, Kathleen Kunkle
