“ *I worked for Judy for a long time, we lost touch but i always considered Judy as my mentor. She pushed me to be the best I could be and to have confidence in myself when i had none. She helped me through some very hard times in my life without ever asking for anything in return. I'll be forever grateful for having her kindness and for her teaching me to believe in myself. The world has lost an incredible women.*

“ *I worked with Judy at American Community for may years. She was the best/nicest person I worked with throughout my 40 year career. She always had a positive attitude, no matter how bad things might get and could cheer anybody up. When it was announced that they were outsourcing our datacenter in July 1999 and she was told she was losing her job, it was her phone call to me that got me to help with the transition, even though I did not want to. Without her, I would have been done at that point. Also, 2+ years later when my dad died, I saw her in the church at the funeral mass. She left very quickly afterward, I assume to go to work, but I never got to express my gratitude for her presence there. I have missed her over these many years. To Judy's family, please know that she had a great impact on everyone she worked with at American Community.*

“ Judy was my boss for many years at American Community in the “old” days. Every year on Fat Tuesday I think of Judy and her Mom. In the wee hours of the morning they would drive to Hamtramck and wait in long lines to buy the freshest paczkis and bring them to work. Rest In Peace Judy 🙏

“ I worked with Judy for 4 years and enjoyed every moment in here presence. She had a wonderful smile, infectious laugh, and a beautiful personality. Judy would stop whatever she was doing to help others. I never left her office wondering what I needed to do. She would set me on the right path. She cared about everyone and it showed.

“ From almost the day I met her GiGi treated me like family. That bond grew deeper as she became my travel buddy and my date to the theater. I will cherish those memories forever.

“ I only knew Judy through my work and only on the phone, but she was a pleasure to work with and always wanted to help me even though I was many states away at another company facility. I will miss her cheerful voice and happy manner in which she faced the many challenges we shared. I will miss hearing her and thinking of her smile that she showed through her pleasant phone presence.

“ Debbie and family: My thoughts are with you at this most difficult time. I worked with Judy remotely and only for a few years but in that short time she made a truly positive impact on my life with her wonderful can-do attitude and always pleasant personality. Judy will be missed both professionally and personally by all at Exela.

“ Judy diner was a wonderful woman full of love and life. She greeted everyone she met with a smile and a kind word. I had the good fortune to work with Judy for over 20 years. We struck up a friendship almost immediately... that was Judy's way.

She was always good-natured kind and caring. Judy put others before herself at every turn. She was the type of person we should all strive to be... She was my dear friend and I will miss her more than words can say.

Rest In Peace my friend, Until we meet again.

“ Debbie and family,

Please accept my sincere condolences. I had the pleasure of working with your mom for the past five years. In my entire 35 year career I can safely say that I have never met a more enthusiastic or positive person. At work, Judy was everyone's go to person. She was one of the most knowledgeable subject matter experts our Livonia site had experienced. Judy was a very giving and selfless professional, always going the extra mile. I feel very fortunate to have crossed paths with Judy. She has left an ever lasting impression on me and for that I am grateful.
