“ *I wanted to thank you all for attending the services for my mom. I know she loved you all.*

My mom was very kind and giving person it didn't matter who you were. There is no word of how much I miss her. It hurts very much, but I know she's in a better place. So, again I wanted to thank you all for your support and prayers.

“ *Nanay,*

Although I didn't show it or said it out loud. I love you like my second mom. And I always had appreciated you taking care of Adrienne and JP when Randy and I hardly had anything. I just regret not having to spend much time with you and everyone in our family because of work and school. If I can take it all back, I'd do it differently. I'm glad that Edward will have you up there with him. Someday we will all be together again and maybe that will be my chance to make it up to you and Edward. I'm sure Oreo will miss you a lot, but Sandy will be happy to see your smiling face up there :)

*Love always,
Alma*

“ I wanted to tell the entire Juco family this in person, but it would be too hard for many reasons, but mostly because I didn't want to cry. I just wanted you all to know that I've always felt that Auntie Tinay was such a kind and warm person. She was always smiling and laughing. Auntie Tinay always went out of her way to say hi to me, Jay and Jacquelyn at all of the get-togethers, if we didn't see her first. She always remembered my birthday, too. Every year she would send me a card telling me how she thought I was a special niece. That meant more to me than she'll ever know. I will always remember how she liked the very best in life. It just meant that she was a high quality person...the highest! I will also remember her contagious laugh, especially when one of her grandchildren made fun of her pronunciation of a particular word. I will miss Auntie Tinay very much! I am so glad she will reunite with Lola Idad, Uncle Manuel and my mom. When Jacquelyn asked me where Auntie Tinay was, I told her she was in heaven. Then, Jacquelyn said, "I'm glad she's with your mama so they can talk together. She won't be alone." From Jacq I have learned that we are never alone, even though we feel like we are sometimes. I love you all very much!

“*Nanay, you're the "BEST" grandmother! Thank you for everything you've given all of us, specially me since I was your first granddaughter. You were the one who took care of me ever since I was born until my mom was done with school and for that I appreciate you. I will always remember and treasure all the "LOVE" you've given me. You will be missed, but I know you're in a better place where there's no pain exists. I love you very much and I will see you again in my dreams, in my thoughts, and in my heart.*

*I love you Nanay
