“ *I remember Kari was in my math class in high school and she was so, so much smarter at it than me. Yet she was so limitlessly patient trying to explain to me how to calculate the angles in geometry. She was kind. I loved seeing pictures of her family and of her kids growing up. I'm so sorry you've lost her. Love, Kate*

“ Kari was a beautiful person inside and out. She always brought out the BEST in others. Her bright smile will never be forgotten. Kari was a hard worker and she pushed herself relentlessly. She was always there to help others and to tell hilarious stories to pass the time. My children love her, Michael and Olivia and ask to go to "Mrs. Kari's" house all the time. Kari will be deeply missed but she will never be forgotten as her light shines on through her beautiful family. Rest in peace Kari and my deepest condolences to Tony, Olivia, Michael and all of Kari's friends and family.

“ I often described Kari as a “fast friend”. The kind of person who after meeting, you walk away feeling like you’ve always known. Such a vibrant person - she will be missed terribly.

“ Every Saturday in the winter we would be there, she was our favorite bartender and always took care of us. Kari was so full of life and never let her disease get her down. She will be missed greatly. My heart is breaking for you, love you Kari and may you rest in eternal peace, Jane, Brian and Chad.....

“ I had the honor of being Kari's stylist, but also her friend, for the last 6-ish years. She was always so eager to have something new and was one of my biggest cheerleaders when I took on new challenges in the industry, as well as one of my biggest cheerleaders when I hit rough times in my personal life. Her shimmering smile lit up the salon, as well as whatever room she was in. Seems like everybody knew her. I visited her in hospital, and aside from being fatigued, she was still a shining star. Figured out the easiest way to help her get her hair clean was to just get in the hospital room shower with her, we ended up making an accidental extreme bubble room in the bathroom. We laughed so hard trying to get out, we were holding onto each other slipping. Her positive energy was so powerful, radiant, and healing. Missing her in ways I never imagined were possible. I'm a better stylist, mother, wife, and friend, because she was in my life, and I am eternally grateful for the gift of her.

“ The first time I met Kari was when we worked at Whole Foods Market. I remember we’ve always joked and goof off while cutting fruit and jamming to classic rock. You were my friend and you’ll be very missed by all the hearts you have touched. I love you Kari, rest easy my beautiful warrior 💕

“ Kari was a friend of my wife's and became my friend. She babysat our children numerous times, came to see my band perform, and we even exercised together a couple times. She was always a joy to be around and she will be missed tremendously. Sending love to her family

“ The first time I saw Kari was at Ellen Fenton house for a pool party. I thought to myself who is that beautiful girl. Later I found out what a loving, caring person she was. She will be so missed by all that knew her. May God take her in his loving arms and give her peace. Our thoughts and prayers are with all the family during this time.

Ric and Corrine, very well said! My daughter Katie was very close to Kari and she has been keeping me updated on Kari's health. Such a sad health situation when there is six million people in this world and no match was found to help Kari. My feeling is mutual. " May God take her in his loving arms and give her peace". Im sure Kari is with our Lord and Savior now.
With thoughts and prayers for everyone,

“ *This breaks my heart. Kari was a great friend in high school. She was a beautiful soul inside and out. I have many fond memories with Kari, and will never forget the makeshift radio in her first car. We would laugh endlessly. I wish her family and friends peace and strength. May she continue to spread joy on her next journey.*

“ *Kari's children were enrolled in our martial arts school so we got to know her parents through their attendance here. When we taught intro programs outside the school, the sign up and check in procedure was a challenge. Kari was the first to volunteer to help out. And she was GOOD!! I told her I'd hire her in a second if she was ever interested. We did that together for a few years and she never let me down. There are no words for the heartbreak and sorrow I feel. This world has lost such a kind, gentle loving, giving soul that it hurts. But she will be remembered fondly and treasured always.*

I first met Kari at a crafting event with her mother Lynn and daughter Olivia. Through the years, I had opportunities to connect with her, always finding Kari to be pleasant and caring. One would never know the illness she battled, as she wore a beautiful smile. Her heart was filled with love for her family. Olivia attested to that fact. Now, rest peacefully Kari. You will always live in our hearts as a gentle, courageous soul. My prayers go out to all of her family and friends.

“ Although I never met Kari in person, I know she was a beautiful person because she was blessed to have Lynn and Ron as her parents. I will ask God to embrace the family during this difficult time. I know He has already embraced Kari when He called her home.

“ Kari always had a smile on her face and was a fun person to be around. Even in the face of death, she continued to have such a positive spirit. She was so happy just to have a day at Crystal Lake on July 4th week-end, even though she had to go right back to U of M for another platelet transfusion the following day. Kari was an inspiration to others. My thoughts and prayers are for her entire family - especially Olivia and Michael. Love, Carol
