“ *Kate's smile could light up a room! Her laughter was contagious! I will fondly remember our walks to the park, talks over the fence, and visits in each others homes. Kate loved with her whole heart! I am thankful to have shared memories with Kate. The joy she brought to our lives will not be forgotten.*

“ *I met Kate during summer school, the summer before 9th grade. It seems like we both had the same mindset; get this class over with so we wouldn't have to risk having it in the beginning or middle of the day during the regular school year. Start time was bright and early at 8:00 a.m., which was no fun. I met Kate the first day, as she was the friendliest and most approachable. I will never forget the limitless high fives that summer, as well as throughout high school walking past each other in the hallway. She always brightened my day. Not sometimes, not once in a while, but every time. If she saw me looking sad, she would ask me, what's wrong? I will never ever forget her sense of humor and how she was so accepting of everybody that crossed her path. She will be missed.*
