“ *Kathy was always kind to me, even when I didn't deserve it. I used to go to her house almost every day when I was a kid to hang out with Angie and eat all their food. Both Dave and Kathy never seemed to care. I think they knew things were rough at my house, and I needed to be somewhere else. I loved and respected them both very much. May she rest in peace.*

“ Kathy has been a pleasure to work with through Omni-Tech Sales all these years. Laura and I will remember her beautiful smile and joyful spirit every time we think of her. Her excitement when I bought my Dodge Daytona and her sharing memories of her own Dodge from her youth will be in-beaded in my memory. It was a rare day if both Laura or myself didn't talk with Kathy. She was always cheerful on the phone, and I know there were days when her life was upside down but you would have never known it by the way she spoke to you on the phone. She will be so dearly missed by all the people and the animals that were in her life. We shared a common love for Fraidy Cat, the Omni-Tech office cat who according to Kathy only scratched you if he loved you. And we both had the scars to prove it.
