“ *This is my beautiful sister! I have a treasure trove of happy wonderful memories of us. When we were young adults we were so very close, she or I would start to say something & we didn't even have to finish the sentence, we knew what each other was gonna say. We only had each other due to family circumstances. We were there for each other through thick & thin. Our children were always together. But oh man could we make each other laugh. We used laugh so hard at the most stupid things we'd have to run to the bathroom before we peed ourselves. I named my youngest daughter Venessa Kathleen in honor of my sister & every time Kathy saw Venessa she would say "Hi Venessa Kathleen" and then that gorgeous smile of hers would appear. My sister was was my best friend, my 'mom' when I didn't have one & the only person in the world that understood me & I her. I remember when I was 13, it was a cold Michigan winter, we were living with our dad, Kathy was working making minimum wage but she took me to the store & let me pick out a wonderfully warm coat & bought it for me. I thought it was the most beautiful coat in the whole world. I wish so badly that I had it now. She was an incredible person. I was so lucky to have her as a sister! When she died part of me went with her. I miss her so much my heart hurts. I will miss her until the day I die & see her again. But she's not in pain, she's flying with the angels or fishing, not sure which one & she's with our dad & our brothers Larry, David & Michael & our sister Mary. But most importantly, she's with God, Jesus, Bahullah, & all the prophets & saints. She is in a wonderful place. I LOVE YOU KATHY.*

Sue.

DO

Kathy was my life. She made me understand the meaning of love and what it takes to become a truly good person. I'll never ever forget what a special god sent she was. She brightened my every day. She showed me what it is to truly love. She took my heart and I'll always cherish our memories. I honestly believe she was truly an Angel from whom God sent me. She once told me that she prayed for God to send me to her, but little did she know it was God whom sent her to try and save me. I will love her with my last breath. I live you my beautiful sweetheart and I know you will fly so high with God's Angels.
