

Kathryn L. Moseley MD, MPH

February 3, 1953 - June 3, 2023

Moseley, Kathryn L., MD, MPH, June 3, age 70 of Canton. Beloved wife of Keith Jordan. Loving mother of Dr. Patrick (Amanda) Lind. Dear sister of Laura Moseley. Proud aunt of Adrienne (Mark) Warber.

Dr. Kathryn L. Moseley was a clinical bioethicist as well as board-certified pediatrician and neonatologist. For eleven years, Dr. Moseley was the Director of Bioethics for the Henry Ford Health System in Detroit, Michigan, overseeing a busy ethics consultation service. She joined the University of Michigan in 2002 with a joint appointment in the Program in Bioethics and the Child Health Evaluation and Research Unit to conduct research on the racial differences in health care decision-making she discovered doing clinical ethics consultations and how those decisions are affected by culture and trust. She recently received a \$2.1 million dollar grant from the National Institutes of Health to conduct a 5-year trial of a culturally-tailored intervention to decrease the incidence of Sudden Infant Death Syndrome in the African American Community. She co-chaired the Pediatric Ethics Committee and directed the ethics consultation service at C.S. Mott Children's Hospital.

“ *Ah, Kathy, my beloved Friend! You have gone home. Indeed, you are free with the Divine.*

Kathy was my childhood best friend. We met at the age of three. Our paths separated when we each went off to college and I would only hear a little here and there from her. I last saw her in 2013 before I left the USA. She was a beautiful light on the planet, always aiming to do good, and she did. I love you, Kathy, and I send prayers of peace, love, and sympathy to your loved ones. You cannot be forgotten.

“ *Kathryn was a dear friend who never talked about herself ...I always admired her servants heart and her great faith. It was an honor and joy to know her & to work alongside her in ministry work. She will be missed by so many but she leaves behind a definite mark.*

“ Heartbroken to hear about Dr. Moseley's passing. She was a great member of our Council, but what I remember most is talking about the movie Elf and texting about all of the ridiculous Jurassic Park iterations. She made me laugh, and I will miss her. Thank you for your friendship, Kathryn.

I will be present in spirit as you lift up Kathy's precious memory this morning. She was a dear friend from our college years and fellow charter member of the Kuumba Singers of Harvard College, a beloved choir, fellowship and service group founded just two months after she arrived on campus. Keith, Patrick and family, I am praying for peace and comfort to soothe your tremendous loss on behalf of my family and the more than 2,000 members of the Kuumbabe fellowship. Know there was a mighty gathering present as Kathy arrived on the other side of the Jordan last weekend. Life well lived, dear friend.

Surely, as do I, your family, friends, patients and colleagues will always remember your warm smile....

*Fondly,
Linda Jackson Sowell

“ I remember having many heartfelt and wonderful conversations with Kathryn after many Masses at OLG. She was a great and wonderful lady and I was blessed to know her. My deepest condolences to the family. My thoughts and prayers are with all of you. Eternal rest grant unto Kathryn and may God's perpetual light shine upon her. Rest in Peace dear Kathryn. You will be missed by so many!

“ I had the honor of working in collaboration with Dr. Moseley as co-chairs of the Pediatric Ethics Committee for Mott Children’s Hospital for several years around 2010. I remember her as a strong advocate for children and families with a deep understanding of the complexities involved in making the best recommendations at the intersection of bioethics and evolving medical care for very ill children. Her intelligence and wonderful smile are special memories for me. I am honored to have known her.

“ Kathryn was a true light in this world. She always took the high road, and did the right, ethical and true thing. She inspired many of us to be a better person. She certainly did inspire me. I'll never forget the time she taught me how to pray the rosary. And the fun we had picking out a special pearl necklace to welcome her new daughter in love to the family. Monique Spillman, MD

“ Dr. Moseley and I worked together at the Livonia Health Center for several years. She was always very gracious and showed genuine concern for her pediatric patients, including my own nephew. This world has truly lost a wonderful person. I'm sure she is now with our Lord!

“ Kathy and I were classmates at Cass Technical High School ('70). To say that Kathy was brilliant is an understatement. However, more important than her impressive intellect, was her kind heart and compassionate spirit. I'm blessed to have known her. Kathy, when you stepped from time into eternity, your departure has left a void in the hearts of many. Yet, I'm grateful this is not goodbye, but see you on the Morrow.

Rev. Wilma J. Irvin Harris, MDiv - June 07, 2023 at 07:19 AM

Kathryn was a leader and a colleague in her service to the American Medical Association's Council of Ethical and Judicial Affairs. Dr Kathryn Mosely was a source of ethical values, grounded in her unshakeable faith, a faith whose presence was near and dear to her. We all learned from her invaluable experience and knowledge. It was indeed a privilege to serve with Kathryn. We will miss her, we will remember her, we will see her life as exemplar, knowing that her daily life responded with compassion and mercy to the present and to her faith that a better place would be in her future.

“ I’ve known Kathy for many years. We were kindred spirits, knowing we wanted to be physicians. She was brilliant, kind, loving Christian, just a good friend and colleague. I will miss our times at the AMA meetings, chatting about life and love of family. May you rest in peace Kathy.

“ Kathryn was such a delight to be with! She had that “light up the room” energy. A great physician, wife, mother and friend to so many.
Most of all she is a wonderful Christian who graced so many lives!
Well done thy good and faithful servant.

“ My husband Mark and I have known Kathryn through our Lay Dominican group for the last three years. In that short time, we were very impressed by her professionalism, intelligence, sensitivity to people, and respect for nuance -- all wrapped up in kindness. We had some deeply interesting personal conversations about sensitive topics, because she was willing to go there (!), and she had always had thoughtful reasons behind her opinions that we found valuable. I will always remember her calm and comforting voice and the characteristic way she would shake her head while speaking when she felt dismay. Her passing is a great and unexpected loss to all of us. Kathryn, please pray for us from up there, as we will be praying for you. Much love, Gayle Hornbacher

“ Kathryn has been an inspiration and an example. I've only known her for about five years as part of our Lay Dominican fraternity, but since day one she impressed me with her spiritual acumen, her forthright common sense, and the dedication with which she fought for what is good and true. Please know of my prayers for her and for your whole family.

“ When I joined the Ressurrection Church choir, I had the thrill of singing with Kathryn every Saturday at 4:30pm mass. She was a kind and sweet person with not a mean bone in her body. When I found out that she was a doctor, I nicknamed her “Doc”. At first she did not like it, but gradually, she went from tolerating it to liking it as she would smile hit me on the shoulder and relish in it! She would always have that beautiful smile on her face. When she left our church to go OLG, the Saturday mass was never the same. I really missed singing with her and Chris as they both left around the same time.

Doc please save me a seat in our Fathers House choir so we can harmonize His praises together again. Ask His Son to send down their Holy Spirit to Keith and your son. God bless you Doc 🌞💪🏈

It was so sad to hear of Kathryn’s passing. There are so many fond memories I have working with her on the Council of Ethical and Judicial Affairs at the AMA. We fought hard for the preservation of life with the abortion issue and that physicians should avoid being involved in the controversial concept of “Physician Assisted Suicide”. I often went to mass with her during the AMA meetings and am sure she is smiling on us from her seat in heaven.
