“ Brother,
I will never forget when you took mom's red mustang convertible
and painted it orange.
I am missing you so much. I will miss us singing and you playing the
guitar. You were the best guitar player and you sure could sing. I
can just imagine you and dad in paradise with uncle Leonard and
uncle Ray and aunt Edna singing and playing the best music ever. I
love you , Laura and the kids.

“ As a child, growing up down the road from my Aunt Irene and
cousins [Kenny and Karen], I was always in awe of the talented
musical Rudd family. It is one of my most treasured memories that I
recall from my youth. I will miss you cousin but in my heart you have
joined so many of our family members that the reunion in heaven is
something to look forward to from those of us still left behind.

“ Dear family, my thoughts and prayers are with you today. Distance seems to be an enemy when times like these occur and relatives cannot help make the sorrow a little less painful with strong hugs, words of encouragement and love. Ken was a fun, kind and musically talented cousin. As a youngster, he was a proud pet owner of a raccoon. Never a dull moment. Running from Mamma's old bull and Ken making sure I realized that bulls did not like the color red pointing to my shirt was one of those moments. He formed a rock 'n roll band in high school and taught my brother to play the keyboard so he could be included. In high school band, Ken played the saxophone. He was such an inspiration. My own son and grandsons played the saxophone in band as well because that was my family's instrument of choice. Always cherish your memories. Those special tender moments will keep your loved one alive in your heart. God bless you.
