“ Ken, you are someone who I will always remember as a caring, loving person, a father-in-law, and a friend. Your spirit is reflected in those people who knew you and loved you. You always reached out to support me whenever I needed it and always made me feel like a part of the family. For that I'll be forever grateful. I love you and miss you, Dad! Godspeed on your new journey!

“ Grandpa, I remember when you found a pair of old metal rollerskates, the kind that used a key, and helped me put them on and sent me down the sidewalk...those metal skates were REALLY LOUD! I remember that one summer when you set up that giant tent and cots so Brooke and I could sleep outside...although I'm not sure we stayed out there the entire night! I loved the smell of your pipe tobacco and will think of you everytime I smell it. I always squealed with laughter when you spit your top dentures halfway out your mouth at me and then sucked them back in! I remember your compassion and soft heart when it came to animals...you could never turn away an abandoned animal in need. I remember your stubble scratching my cheek everytime we kissed goodbye. I'm so sorry I couldn't kiss you goodbye this time, Grandpa. But I'm so glad to have had you for the time I did. We all love and miss you so much, especially Grandma. I know you'll keep angels around her as she misses and loves you. I love you, Grandpa!

“ *Betty and Family,  
My prayers are with you all at this time of your loss. I will always remember the quiet and loving nature that Ken had for all of you. He had such a warm sense of humour and was always kind to me in the few times I visited you in your home. You have been truly Blessed to have Ken in your lives. What a wonderful tribute you have given him in this website and I am glad that Ron sent this to me tonight. My prayers are with you all. Remember that God will be your strength to go on. Lean on Him in the moments you think and reflect on Ken. Look to God each day and know that He is holding each of you in the palm of His hand. This picture of Ken is a beautiful way to see him each day, telling you to keep living a life of love for each other.*

*I love you all!*
