“ *Kenny you will be missed terribly! From seeing everyday for the last 8 years next door, to the 201 questions of “where are you going “ , who are you going with” “you have a package on the porch”. It’s just not going to be the same. I expect to see you when I pull in the driveway. I will miss you. You touched my heart forever. Peace, Love & prayers!!* 🧡🥹🙏🧡🥹🙏 *Vicki*

“ *My deepest sympathy to Kenny’s family. I know you will dearly miss him. Our family always enjoyed our visits with him at the family reunions. As I said before, He was a social butterfly; always making it a point to visit everyone. He had a loving heart, and a caring spirit. Love and prayers to the family.*

“ *My heart is heavy and broken with the loss of Uncle Kenny. Colt and Harper will miss him the most, he was always the light of every holiday for the kids. I will never forget the love and the fights we have had over the years. I cannot express how sad I am without you. Keep track of the bingo cards and until we meet again keep screaming BINGO!!! I LOVE YOU UNCLE KENNY ❤️❤️❤️*
