“ You have been part of my life since you and my sister let the little sister tag along. Our families’ lives have been intertwined through good and sad times. You were always there with your encouragement, humor, and readiness to help. There are so many memories it would take a book to capture them all, but here are some everyday things that stood out to me:

*How your face would light up when you held a baby you could see the love in your eyes. I was so glad that you were able to meet your great granddaughter, Nora.*

*Our running joke about your small handwriting, and I could not wait each year for your Christmas card to see if the mail carrier rewrote the street address so they could easily read it for delivery.*

*You always gave me a little sample of a new cookie recipe. I especially liked the Earl Grey tea cookies.*

*You will be deeply missed by all who call you friend.  
Love Carol Steven*

“ You have been my best friend since childhood, and part of our family. I have always tried to see you when we came home from Florida. I am so glad we had a chance to see each other for it turned out to be the last time. You will be missed. Love Christine Alwardt
