“ *Though I never met you I feel like I knew you through the wonderful stories from you beautiful daughter. She sounds so much like you in those stories so i know i would adore you just as much. You asked about and prayed for my own mother, a woman you never met, and for that I am eternally grateful. I am no where near as good with words as Susan but Heaven has gained a beautiful soul. Do not worry about Susan, visit her at times to comfort her, but we will always take care of her. Rest in peace and I pray to meet you one day.*
