“ *My favorite memory is the banter I would see between her and Kevin. I loved seeing their relationship together. It would spark quite a few laughs. ❤️ She was a wonderful woman. She will be missed.*

“ *Mom was something else. I remember her taking me to Ohio to get me senior pictures taken & the photographer asked her where I was from & she told him so he kept calling me Miss Michigan. I will always remember the way u used to shake your foot in bed to get me to take a nap when I was little & rub my hair. Love & miss you sooooo much ❤️❤️❤️❤️*
