“ “THANK YOU”

If the sun refused to shine, I would still be loving you. When mountains crumble to the sea, there would still be you and me.

Kind woman, I give you my all, Kind woman, nothing more.

Little drops of rain whisper of the pain, tears of loves lost in the days gone by.

My love is strong, with you there is no wrong, together we shall go until we die. My,my,my.

An inspiration is what you are to me, inspiration, look...see.

And so today, my world it smiles, your hand in mine, we walk the miles, Thanks to you it will be done, for you to me are the only one. Happiness, no more sad, happiness... I'm gald.

If the sun refuse to shine,I would still be loving you. When mountains crumble to the sea, there would still be you and me.

Love you !!!!

“ SISTERS TORN

Why now? Why all the arguments, the disputes, the unsettled matters ?

We all have our own memories, our own veiws and thoughts. Decisions we were trying to make on our own. But we also share those good memories together and also pass them on with one another. Some laughs, some cries, but hopefully all in good... together. Please let us remember what Dad always said and drilled in our brains. "No matter what happens, you girls stick together and take care of each other!" (PASS THE WORD) During those many phone conversations, his words were always, "I love you girls and pass the word to the other two." No matter which one of us he talked to that day. That was the usual wrapping up of the conversation. But to you Dad, don't worry, we will stick together and take care of each other to get through this. Roughly... But Strongly... just like you raised us. We loved you so much. And you are forgiven in my eyes...FOREVER !!!
