“ *I spent some time this past summer with Dale working on handyman jobs. He was always happy and quick with a joke. He also freely shared his faith and we discussed Christ and his place in our lives frequently. Our loss, Heaven's gain.*

“ I’ve spent quite a bit of time with the family, as many of us have. They instantly made me feel welcome and there was never a time that I didn’t feel accepted or loved. If we ever needed Dale, he was there. He knew how to joke around with our friends and listened to all of our girl problems. I’ve had some of the heartiest breakfasts of my life thanks to Dale! I remember one morning I was running late to get home and he made me wait a minute so he could toast up an English muffin for me. He was big on making sure everyone ate, and I’ve never been much of a foodie. For that reason, he didn’t think I would eat it so while I was walking out the door, he said, “I better not find that in the ditch Sarah Sullivan!” He always called me by first and last because I wasn’t the only Sarah running around. I don’t believe I ever sat down with Dale and expressed how much he meant to me and the impact he made on my life. I will never forget, and he will always hold significance in my heart. I keep thinking about Dale running around with his tool belt. Whether he was working, fixing up the house or helping friends, he was always a busy body! But now it’s time to Rest In Peace. We love you Dale Jenkins.

I didn't know Dale personally, but I knew some of his family, and I believe that Dale was a good man with a good heart, and he cared for other people, he also had expectations, and those expectations made better people out of those he expected from! If you are one of those, that he expected from, I hope and pray that you will give a prayer for their family,! Dale, I know you were in heaven with the Lord Jesus Christ, and he is the ultimate, and so even if I prayed for you to come back from the dead, it would not be as spectacular as meeting with the Lord Jesus Christ! You have reached your reward, thank you Dale, for making the world a better place while you were here!

“ Dale was a big part of my life and was like a second dad to me, he always gave me nicknames like bug head as a kid if i had lice and iron face when i burned my face thats a few of many. His sense of humor wasnt for the sensitive. He also liked to wake us up on a school night at 3am to offer us a bite of his cereal, he was amazing to have around and acted as if i was one of his own. I miss his sunday breakfasts and will always cherish the years of memories i have

“ Dale gave me the nickname of Sarah Bacon because I would come home everyday after school with Paige and Alanis and the first thing I would do was run to the fridge pull out the whole pound of bacon and cook it and eat it. Dale used to get upset with me and then just started hiding the bacon. LOL, I still found it and cooked it everyday I'm sure going to miss him telling me to stop eating his bacon 😂 but he was an amazing person and so funny and outgoing. ❤️ Love you all. Prayers for everyone.

“ Dale was such a great help to me after my divorce, helping with repairs around the house...I know his sisters, father and family will miss him. I still miss his Mom, a good friend.....and I can still see Larry chasing Dale down the street past my house, and that was a tough run in those platform shoes! Great family!
So sorry for your loss...
