“ *I'm so sorry to have just learned of the passing of a dear friend and treasured colleague. We worked together at EPA leaving their and going our respective ways, he to Ford and I to Mobil Oil. I will always remember him in prayers going forward and offer my sincerest condolences to his wife Diane and his family.*

Paul Brubaker - March 25, 2017 at 10:04 AM

“ *Diane,*

My condolences to you and the family. Larry was a generous and supportive mentor to myself and other Ford of Australia people who cared to look after the health and well being of our work colleagues in the 1980's. A great man. The world is a better place for the work Larry did so well.

Ross McBride (Ford of Australia Materials Engineering - Retired).

“ *I had the privilege of working with Larry for a relatively short time in his career. He was always a gentleman, a professional and a scientist. I am very sad to hear of his passing and also sorry I can not be there in person. My condolences to his family and all who knew him.*

“ *What a wonderful, wonderful man with a special family. Larry, a true professional, an asset to Ford Motor Company beyond recognition, a good Christian and a marvelous husband and Father. What an inspiration to all who knew him. I will always cherish Larry as one of my very closest friends, on and off the job. His intelligence, wit, sense of humor, honesty and sincerity were second to none.*

Diane, I enjoyed our conversation the other night and know that you, as wife and mother, have been a tower of strength to your family. You, Lauren, Kevin and Dana are in my thoughts and prayers.

“ *I was privileged to work with Larry during my time with Ford Motor Company. He was inspirational both as a leader and scientist, and blessed with a sparkling wit and sense of humour that never faded. I'll never forget crying with laughter in a debate that we had at the Jersey Lavender Farm about the probability that they must also sell lavender flavoured chips and beer along with the infinite other variations of scented products! Thinking of all the family at this sad time.*

“ *We worked at Dave's drugstore during high school, and stayed in touch during our high school years. He had a great sense of humor. I remember he helped me move a piano shortly after he and Diane were married, backed into a door because of our misdirection, and had to go to the hospital! Always the brightest of the group, and a wonderful friend.*
Love to his family. Steve and Janet Yezback.

“ So long my Friend! We have shared a few sad moments over the 40 years of friendship but I will more treasure the good times spent with you and your family on and off the job. I vividly recall pleasant experiences and the cooperation between our workgroups as we managed Ford materials and toxicology issues around the world. Rest well Larry.

Diane, Kevin, Lauren and Dana and all of the family, please know that Lora and I keep you in our hearts and in our prayers.

“ I remember Larry all through High School and college. He was a close friend. It is a shame that we lost contact after I was drafted and moved away from Detroit. I did at least one good thing for Larry. I introduced him to his wife Diane.

“ I worked with Larry (Dr. Roslinski) at Ford Motor for many years. He was an inspiration, a motivator, very professional and one of the most down to earth people I knew. My daughter was a toddler when she came in the office and he gave her a stuffed duckling. That just 'quacked' her up, as he kept quacking and quacking. He" ll be so missed .
