

## Lawrence "Larry" Schultz

September 3, 1942 - December 31, 2024

Schultz, Larry age 82 of Plymouth, died Dec 31, 2024.

Devoted widower of Marian. Dear dad of Michael (Jane), Harold (Archana), and Deborah. Loving grandfather of Abby, Ashleigh, and Daphnie.

An engineer at Ford, his fascination with cars began at an early age and continued all his life. He loved his late wife, his children and grandchildren, and cars. As a retiree, he pursued excellence in golf. He always saw humor in everyday things.

“ I didn't know Larry, but during Yidish tish (Yiddish Table), a weekly conversation and reading group of which his daughter Dvoyre (Deborah), was a beloved member, often heard about him and knew what a strong, loving bond they had and how Dvoyre was always concerned about him and how she was a loving and compassionate daughter. As one of the longtime members of Yidish tish, Freydl, said "Your Tate [Dad] was always a part of our Yiddish Tish conversations, and we will all miss hearing about him." Dvoyre, Michael, Harold, and all of your families, may the memories of your lives together with Larry bring you comfort at this sad and difficult time, and may Larry's memory be for a blessing. זאָל ער האָבן אַ ליכטיקן ליכטיקן גאַנעידן [Zol er hobn a likhtikn likhtikn GanEydן]: May he rest in peace.

“ In 1981 - Ford merged 2 experimental vehicle shops- 1st the Bohle Blog in Livonia (which was the remnants of the Kar Kraft facility) and 2nd the Beech Daly. Facility in Dearborn Heights. This operation. about doubled the size, people and capability of the Beech Daly Facility.

At an early “get acquainted” meeting - the Bohle supervisor, Fran Hernandez presented his background which included ;:long-time California Hot Rodder, first user of Nitro-Methanol fuel in a Dry Lakes top speed racer, Mercury racing, 1st “flip-top” Comet “Funny Car” drag racer, 1968 and 1970 Mustang Trans-Am Racing Program and Plant Manager of the Kar Kraft Brighton Assy. Plant where 1969/1970 Boss 429 Mustangs were built. Also some of us had been on the 1967 LeMans 24 Hr. Race winning Ford GT40 race team. About this time Larry spoke up jokingly saying” I guess I won’t be the resident car “expert” here anymore!

*Larry and I have been friends since that time!*

*Happy Motoring Larry!*

“Cousin Larry was always the smartest of all cousins. From our early days when we would all be playing, Larry would be off on the side reading his book. I always cherished his advice and guidance. While I can't physically be there with you, please know my thoughts and heart are with you at all times.

“Larry worked with my husband Paul at Ford Motor Company in engineering. That particular group of engineers had fun together as well as bringing many innovative ideas and fine detail workmanship to their area. They were loyal to the Ford processes and proud of their workmanship in that department. We saw each other socially and kept in touch after Paul retired.

“ We met Larry in September 2015 when he came to our son Anish's home with Harold after Harold and our daughter Archana decided to get married. We then became family.

Larry was a caring and loving father, father in law, grandfather and friend.

The last time we met was in June 2023 when we were together for Abby's graduation.

My heart felt condolences to Mike, Jane, Debbie, Harold, Archana, Abby, Ashley and Daphne .

He will be missed by his family and friends.

May his soul rest in peace!

“ Larry always had a smile on his face. He was always so clearly delighted to be spending time with Harold and Abby when he visited. I loved hearing about his latest car (I recall at least one corvette in a bright, fun, flashy color -- maybe yellow?).

*I'm sorry his smile is no longer in the world and know he's sharing one as he reunites with Marian.*

*May all their fond memories of Larry sustain Harold, Mike, and the grandkids for decades to come.*

*Sending love.*
