“ *Im truly sorry to hear about your lost. Leslie will definitely be missed by so many. One thing that helps me deal or cope with losing a loved one is the scripture John 5:28,29. It states, " Do not marvel at this, because the hour is coming in which all those in the memorial tombs will hear his voice and come out, those who did good things to a resurrection of life....." Soon we will be able to see Leslie again because God (Jehovah) promises a resurrection hope. I hope this gives some comfort. truth.1914@yahoo.com*

“ First, to the Brown family, let me just say how very sorry I am for your loss. I met Leslie in the spring of 1969 when I was working days at a hospital and midnights at the Clark gas station across from the Merriman drive in. It was pretty easy to make her blush, so a few of us (Danny and Nicky Cable, Raymond, Fat Albert, Bob Sharon, myself, and a few others) took that on as a daily task with great delight. We became good friends, and hung around together quite a bit when we weren't working. I was the one who inherited her 58 Chevy convertible when she got her new Firebird. The only stipulation that I got from her father was that I could not come by with it and park it in the driveway. There always seemed to be a party at either Leslie's home or Rita's home, and they were the best. I can remember serenading the neighborhood from her front porch with my trumpet in the wee hours of a Saturday or Sunday morning, depending of course on the night of the party. Also there were the trips out to Blind Lake, and being roused by the local constabulary for making too much noise. I think the last time that I saw Leslie was one evening quite a few years ago, before I moved from Dearborn Heights. She came to the house, and all I can remember is that we laughed almost the whole time she was there. We kind of lost touch after that. Her name always comes up anytime anyone from the old group happens to meet or get together. I will miss her very much. I always thought there would be more time where we could get together again. It just goes to show you...that isn't always so. Rest In peace Leslie.

“ I also worked with Leslie at Entertainment. I have to share a funny Halloween Party story. Leslie came to work in her nightie, white fuzzy slippers, hair done in pin curls with real bobby pins, and thank goodness with her bra. I think David started calling her "trailer trash". The department laughed but I don't think Leslie intended to be called that. Leslie and I were the oldest in the department and I truly loved her. After we lost our jobs, David Drag, Leslie and I were lost and hung out going to shows, and my house. The three of us didn't live near but we still were buddies. She then went to Florida to spend time with her dad and we kept in touch by e-mail. Thanks to Kevin Miller our fearless leader, I saw her 3 years ago at one of his parties. It was good to see Steve Maher, David Drag, Annie Vencil, Kevin Miller and Suzette Brinkman at the funeral home. I told Kerry (Leslie's sister) she was a great person. After many tears at the funeral home, we departed once again as an Entertainment family, but one less. My thoughts will always be of love for Leslie. She will be with me always.

“ I was so sorry to hear about Leslie. I lost track of her after Entertainment Publications. I loved/love Leslie! She was always making me crack up!! We always had sassy things to say to each other. Stephanie Gutoske would take part in those too. She was wonderful! My heart and prayers go out to the family!

“ I worked with her at Entertainment Publications as well. She was such a memorable character. I loved hearing her laugh as it spread into our whole department area. She was always willing to pitch in and make a heavy workload a little lighter. We will miss her joy. Now you can finally retire, Leslie!

“ Our Accredo Family will never be the same without you. You brought life into work each and every day. I still look into your cubicle and want to clean it up. Especially your shred box that was "always" overflowing. Lunch will never be the same, I sat with you everyday over the past 6 years and ate lunch together as you shared your funny life stories. Yes, we still talk and laugh about you, there is a life time of memories that you gave to us in the short 6 years. Girlfriend, I miss you so much but know you are at peace now and we will meet again some day. Love you

“ *Brown Family, I still can't believe Les has passed. My condolences to all of you. I will miss her. We grew up together and shared special memories. Even though we weren't as close in our later years, getting together when we could was still a joy. She was lovely inside and out. I will always think of her with love. Denny*

“ *I met Leslie working at EPI. What a gal! Needless to say she became a friend that will forever be in my memories. I always called her "Downtown Leslie Brown" - she was always willing to lend a helping hand. After I left EPI - we kept in touch and she would come and help me work on jobs during the weekends. We had some good times in the Handi Pack warehouse. The past few years we lost touch; but I thought of her often and tried to connect. She always counted down to how long she had to retirement. She had it worked out down to the day (and I think even the hour!). Rest in peace Leslie. Miss ya much.*

She was quick with a joke, had a great sense of humor and her smile would light up a room..I am sad to think that she will never grace our home again with her smile and laugh and we will always miss and remember her. God bless, enjoy your new home and we will see you again some day. Lots of Love*

“ I've lost a very, very good friend. I'm still having a hard time believing she's gone. Several times I've almost picked up the phone to give her a call. Throughout the years we shared some wonderful memories. Friends like Les don't come around very often. Someday we'll be together again . Les will always hold a very special place in my heart.

“ Leslie you will surely be missed. I've known you since I was 18 and started working at Merriman Drivein as some others have said. I will always remember the wacky, fun loving times we laughed and cried. I know your with your mom now, with your insane and wacky personality. They can probably use some laughter up there. Kerry, so sorry for you and your family, as I know how very close you were, everything was about you and your family and what you guys would be doing. God help you get through this. Love, Connie

“ To Leslie's family: I came into work the day after Les passed, and thought I would put my bag down and run in to see her when my colleagues gave me the news. I had to sit down because I felt my breath leave me. I was and am so sorry to hear this news. I loved taking care of Leslie and I am glad I got to know all of you. Please know you will all always be in my heart. All my prayers, thoughts, and love.

“ I too worked with Leslie at Entertainment. We shared so many ups and little downs. Leslie was always full of life. I had the great pleasure of training her on the switchboard in which she found a new meaning to the "flower page". She loved getting on that PA system at work and told me how happy she was to be the PA person at her new job after she left Entertainment! I will always remember Leslie's smile and how she could fill & lite up a room with laughter. When she spoke of going to visit her dad in FL she lit up like a Christmas tree! Now she will shine the heavens with that light and smile! I will miss you Leslie!

“ The last time I saw Leslie Woman was at an Entertainment reunion gathering two years ago. You couldn't help but smile when you see Leslie. Her expressions were priceless. We shared many laughs and stories over the years working together. She would always tell it like it is, and I admired that. Godspeed, lamb. You will be missed. Love, Joann

“ We go way back to the Merriman Drive In Days. We lost track of each other over the years but often thought of her and hoped to see her again. She had some of the best parties I "wish" I could remember...I'm the guy who destroyed her parent's bathroom at one of them. She was one of a kind and irreplaceable. We'll see each other again someday at a Huge Garbage Can Party in the sky! She will be dearly missed and our thoughts and prayers are with her family at this difficult time. “ This is with great sadness that I am sending a message in this form. I want the family to know that I called Leslie "Ms. Brown" I used to work with her at EPI. I remember when she tried to get myself and friend "Drag" to eat expired salad dressing I mean this stuff had been expired for years... The only thing we could do was bust out laughing with her fun loving personality. Words can't describe how she touched my heart. She will always have a special place in my life. I can't say enough how I am happy that our paths crossed. I remember she was training me in the "Copy Center" the machine ran out of toner, she said hey "Penelope" open the door and fix it. When I opened the door toner flew all over me and the floor. I had this stuff all over!!! She said "Well looks like u fixed it." My prayers are with you and your family. God bless you Ms. Brown!!! I will miss you. But I know that you are home!!! Love you dearly Stephanie Gutoske
