“ *Les worked with my father Burt Provonche for many years at the Service Center in Livonia until my dad retired and then passed away in 2001. My dad always spoke very highly of Les and what a hard working man he was and Les always spoke very highly of my dad. He was always the first person we called when we had a problem with one of our machines because he was the best man for the job. Our most sincere condolences go out to his wife and family; we know he will be terribly missed.*
