“ *I am honored to have had Les in my life. I have known Les for more than 35 years. I am honored to have been his son-law and to have him as a second father. I have countless memories about Les. Les was a kind gentle man that would give you the shirt off his back. He always would help me and others when we needed it. He was a great friend, mentor, and a wonderful man. He loved his family and was proud of his accomplishments. He loved working outside and in his pole barn. We spent many hours in that barn together. Les, I love you and will miss you, until we meet again.*

“ *My Dad is my Hero. When I worked as a Hairstylist at Jacobson's Salon and Spa at Laurel Park Mall in Livonia, we would celebrate Mondays with Ally McBeal. It was my favorite show back-in-the-day. I worked late and would complain that I always missed the first 30 minutes of the show (this is before DVR) by the time I drove home to Belleville. My dad said, get off of work just a little bit earlier on Mondays and drive over here. The Ally McBeal Mondays became our tradition. I would drive over to my parents house, my dad would make popcorn, he would have a beer and I had my cocktail and we watched Alley McBeal. My mom at the time worked and would come home after the show went off so we could actually watch the whole show. When Alley McBeal was finished, we moved onto the Meerkat Manor. We loved every minute of the Meerkat family that we got so involved in, we talked about them as if they were our family. My dad called me one day when Flower Whiskers Meerkat died and we cried on the phone with each other. We couldn't stop laughing that it hurt our hearts so much and that we were so ugly crying for these little Meerkat that meant so much to us. We both had made ourselves the Whiskers family and it was so funny, it hurt so bad, and it was the sweetest moment in time. This is my Dad, the greatest dad ever. Thank you Dad for warm, memories of you kind gentleness. Say hello to Flower for me along with all the other loved ones who you are with now. I had an amazing 52 years with you and thank you for being the first man as an example of how men behave.*
