“ *Sylvia, I am so sorry to hear that your mother passed. I have such fond memories working with Li at Ford. She frequently stopped in my office at ATNPC to chat. She was such a talented, kind and gentle soul. Truly a positive light that I feel blessed to have known. It was also clear how proud she was of you, her pride and joy. Sending my heartfelt condolences to you and your family for your loss. Lisa Greene*

“ *Li and I got to know each other through a mutual friend at work. We worked in different buildings but the physical distance never stopped our friendship. Going out for lunch was our best time to chat. I am so honored that I had her trust that she shared her life stories, her struggles and her joy with me. I was always amazed by her strength at heart despite her pretty look and petite frame. Li had dreams and plans for retirement. One thing we talked about was doing a sewing workshop together. I am so sad that she left too early to be my sewing buddy. I miss her.*

“ *Our friendship started 28 years ago. Li and I started our graduate study at the same time and with the same professor. Sylvia and Jessica were both 2 years old. We were classmates and girls were playmates. Three years later we both ended up working for Ford. I have worked at different places within Ford and luckily Li and I worked in the same building for the last 15 years. We saw each other every work day. We shared our thoughts, happiness, silliness and frustration together. It's such a blessing for us to stay so close. She is the best friend you could ever have. Caring, smart, funny and delightful. I still cannot accept the fact that she is leaving us forever. For now I'm just pretending she is out traveling. Enjoy everything without pain!*

“ I met Li 1997, Li, Kevin and I were new hires to Ford C3P center. Li and I soon became very good friends, hang on together all the time in center. After six months, we both hired by Ford. She worked in Livonia and I am in Dearborn. Then we could not see each other often, we were still friends. Last time I saw Li and Kevin was during Christmas break. She was still very beautiful with same hair style as first time I met her... Li is not only beautiful, she is also brave girl, to love and to death. I admired her. Li, may you Rest In Peace!

Know Liu Li for almost 30 years since we started babysitting kids together back in Houghton: Sylvia, Jessica, Bob, Alan, Xiao Xue. Each family took care of 5 kids one day a week. Li was such a caring mom kids all loved her day! Late we all moved down to Detroit area, gathered in Ford again. Witnessed her determination of pursuing her own happiness and her devotion to her family. She was always such a warm hearted friend, stretching out her hands to provide unwavering support when we were in need. Will miss her encouraging comments to my book review on my WeChat moments. Wish her Rest In Peace! — Yi Zhang

“ Li and I have been close friends for more than twenty years. We shared our life, work, hobbies, and happiness and worries throughout years. Especially in year 2019 when I temporarily moved to the office building in Livonia where Li was working, we had lunch together almost every day. We talked about everything, including kids, husband, food, travel plan, election, and death. Li always encouraged me to be ease and generous. Now I realize those two months' gathering was really a gift to me. Li was a very caring, candid, and brave girl. I will miss Li forever. — Xiaoming
