“ From the day I met Louise she was always very positive and could tell numerous jokes. How she kept them all straight is a mystery. She also was a very caring person and would reach out and help anyone. Her personality led us to a lasting friendship of 33 years. Louise also inspired people by the fight she endured for a number of years and overcame some of them. She was a faithful servant of God's and she knew she was in good hands.

We will certainly miss her!

“ I will miss Louise terribly. I've known her for 50 years and boy oh boy could I tell you some stories, but I told her I'd take those stories to my grave. And I will! What a heart that woman had. She was the truest of true and a loyal friend. May she rest in peace.

“ I worked with Louise for many years at the phone company. We had many good times together. We walked picket lines together.

We were praying for Louise for a long time. We hoped she'd get better and go back home but it was not in God's plans...He must have needed her elsewhere and who are we to question His decisions?

You put up a good fight, Louise, and now it's time for you to rest. So rest in peace and God bless you. ❤️❤️❤️

I always looked forward to seeing Louise, she told such great jokes! Always lifted my mood when she was around. She's probably making everyone in heaven laugh & she'll give love to all. It was her way.
