“ *I have known and worked with Marcia for many years and I am sadden to hear of her passing. Marcia was always great to work with and could be counted on. She was a quiet person who was nice to be around. Thank you for your service to the Troopers of the Michigan State Police and to your country.*

“ *Marcia:*

It was always a pleasure to work with you as MSP Communications was building out the "new" 800 MHz digital radio system. You played a big part in ensuring the MSP Second District implementation was a success.

Our prayers are with you.

“ I had the pleasure of working with Marcia the last five years of her career. She was a very kind and compassionate person, dedicated to supporting the efforts of Michigan's public safety agencies. I did not know Marcia well, outside of work, but all of the stories I've heard would suggest that her efforts in life helped make the world a better place.

My sincerest condolences go out to Marcia's family and friends.

Marcia was MSP all the way. As a Troop assigned to the Northville Post in the 90's, I visited with her and her co-workers all the time. She was a proud member of the USN, retired. She was also very proud serving the MSP. Marcia will be missed, never forgotten.

“ I will always remember Marcia and her special love of animals. I met her when she volunteered with our animal rescue group. She taught me to love and appreciate feral cats and I feel that she was an important part of my desire to help them. She had a special place in her heart for the hard to adopt and black cats too. Marcia cared about all of them. I am sure that all the animals she has helped over the years greeted her in heaven. God Bless you Marcia! “ I'm honored to have known Marcia. I first met her through an animal rescue group and she became a volunteer foster. We've lost someone very special. She was very kind and had a big heart for animals and did so much to help them. She will truly be missed.

“ Always kind, compassionate to all creatures, Marcia helped me trap, spay and neuter many feral cats over the last couple of years. She made anonymous donations to my ever growing vet bill.

The funniest story she ever told me..one night while feeding the feral cats in the woods behind her house, she came across an injured cat she had been trying to trap. No trap or carrier in hand, she literally took the shirt off her back and wrapped the cat up in the shirt and walked back home in her jeans and sports bra, fortunately it was already dark outside and she didn't think anyone saw her.

She was a good friend and I will miss her very much.
