“ I had the absolute pleasure of working with Marcia many years ago at Valassis. She was highly respected and she became a mentor to me. She gave me my first shot at leadership and coached me through this journey. She taught me so many lessons but the one I will never forget is how important people are. When I went into her office my first day as her supervisor and asked ok what do I do now, she said “people people people!” Go get to know your people, learn everything about them. When she retired it was a sad day for me but when I saw how happy she was to spend time with her kids and grandkids, I was happy for her. I have missed my mentor and my friend over the years and I’ve always wanted her to know it was because of her I am where I am today in my career! She gave me confidence and shared her incredible wisdom and I am so forever grateful.

I will miss you my friend! ❤️🙏
