“ I can't even begin to tell you how sorry I am for your loss. None of us can imagine the pain your family is going through losing Marie-Kristin at such a young age. I remember her as a fifth grader my first year as a TAG teacher. She always had something to say and was always willing to share her thoughts and dreams. I still have our yearbook from that year, she designed the cover. She was a talented and gifted artist as well as a wonderful person. I remember being amazed with her ability to have fluent conversations with Mrs. Haire speaking in German. She will be missed so very much. I am blessed that I was able to have her as part of my life for the year she was with me. It was a very special year with a very special Marie-Kristin. My thoughts and prayers are with you and your family during this time and forever in the future.
