“ My condolences and prayers to the entire Cramton family. Mark was Mr. Dropp's student assistant in gym class my freshman year at GC West in 1978 He was a hell of a basketball player on a very talented and successful 78-79 West basketball team. Him and his brother Scott were my 4 daughters gym teachers at GC high school. A man of great character. Rest in peace Mark. I'm sure your on Coach Babler's basketball team in heaven now.

“ *The grief and pain that is in my heart and soul and the endless tears for my daughter’s loss of her Dad is immense. As her Mother I want to take her pain away and I can’t. But what I can do is listen and share in her memories, forever, of what her Dad was to her and what he meant to me as the Father of my daughter. Mark, I want to thank you for sharing in raising Sarah to be the loving, caring, bright, independent, successful, respectable, young woman that she has become. Need I mention athletic too. You were always front and center in her life.*

Sarah and Faith are blessed beyond belief to have had such an amazing father. His love was unwavering. They were his universe, and everyone knew it. He wouldn’t have had it any other way.

You are in God’s hands, rest peacefully.

“ Mr Cramton showed me what it means to take care of people. I have the pleasure to be dating his first daughter Sarah. I was so lucky to be able to share so many different memories with this special person. My favorite times were when we would just all hang out in the living room and just talk about our days. It was a very relaxing time together. Nearly every time I was over he gave Sarah or Faith money to get us all ice cream I love these small acts of kindness. I know things like getting ice cream are small but it's all the small things that he did that made his life so prominent. When I first met him he was the intimidating father to the girl I was dating. Overtime I grew and I learned that he was the biggest teddy bear that only ever showed love to me for these past 8 years. I am so happy I got the chance to meet and learn from this man. There is no better role model in this world. He's made everyone he has touched better in some way. I love him and I will miss him deeply. Rest Peacefully.

“ Mark coached our high school jv-basketball team in 1987. Mark made a strong connection with me right away. He made us boys into men. Constantly challenging us to work on our fitness before we even touched a basketball. He walked up and down the court, challenged us, and asked us questions. Sometimes he'd bring up movies like Rocky 4. “Remember how Rocky trained for that fight? That's how I want you men to be. Maximize your potential and always put the hard work in. It will pay off on the court.”

Many times to get a different perspective on the game he often invited his brothers Dave and Scott to talk to us or show us some moves on the court. Mark was also fair and didn't play favorites. You earned your way to start on how you did in practice.

Some of the many things I will remember about Mark was giving me rides home in his cool new blue CJ7 Jeep after practice and pumping my confidence up both on and off the court. One of my favorite coaching moments of Mark was when we played a game away at Waterford high school. The Home team was playing a slew of Deep Purple and Hard Rock music. The kind of music that makes you feel like your about to enter a UFC steel caged fighting match. He gathered us in on the sideline before tip off and looked at all of us and said these guys are sending a very clear message that this is their place. Well, what are you going to do about that? Are you going to take that or show them what your made out of?” Whether we won or lost, Mark's first words at the end of each game was that he was proud of us.

“ My name is Derek Hackett I ran Cross Country at Garden City High School for 4 years through 2014. I had the honor of calling Coach Cramton a mentor and a friend during those years and the lessons and guidance he instilled in me I will cherish forever. Some of my favorite memories with Coach Cramton was meeting up every summer in Garden City Park and being rewarded one of his fruit snacks for a job well done, he always had fruit snacks around and we always looked forward to getting some. I also will never forget thanking him personally for everything he did for us at the end of the year banquet my senior year. One of the most influential people of my childhood, I will miss him deeply. Prayers for his family in this difficult time.
