“ *I worked with Mark at GM in CME and he was a great Friend. He and I had a very similar attitude on most everything and even though I did not know him outside of work, I knew he had many friends and was well liked by all! I will miss seeing him around the office and I wish both Mark and his family peace and comfort. Mark thank you for your friendship and I will see you on the other side brother! God Bless.*

“ *I am saddened to hear of Mark's passing. He was dedicated to his craft and always wanted to do the right thing. Mark appreciated that relationships mattered. Because of this, I knew he would always 'have my back' when we worked together at GM. At times, I didn't have time to talk with him on a topic but I knew to double back with him because he was right and truly cared about the work he was doing and the people he worked with. He will be missed greatly by so many but may his loved ones know he made a difference in this world to so many. RIP Mark!! You were one of the good ones!!*

“ *I just learned of this today thru a colleague... Mark and I worked together on several transmission lines and most recently EDU (electrical drive unit) lines. He was a great person to work with, always nice and polite in both person and emails, and knows his stuffs on machining lines to make my simulation job easier. RIP, Mark.*

“ *Mark was a big dude with a gentle and personable spirit who hit a golf ball a mile that was a thrill to watch no matter where it went! As a wonderful golf and GM buddy I will mourn and miss him. Life is so short and unpredictable, a miracle for as long as it exists, and something we all should never take for granted or miss a moment of its appreciation or our opportunity to share and interact with those we hold as special to us! May God bless his soul and heal the hearts of those of us who knew, loved, and respected him!*

“ Sincere condolences to the Mark Hizer family. Mark has bowled in our wednesday nite league for many years along with his dad. He was a great bowler and competitor and wonderful person. He was well liked by everyone. He will surely be missed by all in our league. In deepest sympathy. gibson rothschild. canton mi.

“ Sharing some of the great memories from our GRx days. Our team spent three days driving vehicles for gear validation, and in the many hours on the road I learned about Mark's passion for life, the love and dedication to his wife and his family. Mark was a very kind person.

I cherish our chats and the laughs we had when we worked together. A special memory is from the day he won the most competitive round at the football-bowling during a team building event, defeating our extremely competitive friend and team manager at the time, those were great laughs he brought to the entire team. Mark will be dearly missed. My thoughts and prayers are with his family.

“ *My colleague, my friend... I will miss our periodic chats. I remember when we first met on the 6speedRWD project in Ypsilanti and shared experiences with house designs, because I was developing mine and you had designed one as a school project. You helped me so many times over the years, because I was your "customer" at work. I wish I could have helped you. God speed to you in the next life, brother.*
