“ *Mark & his family were my long time neighbors for over thirty years. Mark & all of his family were so kind & would help with anything even mowing & lawn care when I was injured & couldn't do it. Mark would play street hockey with my son's & other neighborhood kids. He always had a positive outlook on life. Even though we are countries apart now , I won't forget him or his great family. We shared a lot of family memories at each other houses. Prays & love to Kim & all the family. Neighbor Steve & Maria. 🙏🙏*

“ *I remember going to elementary junior high and high school with Mark and we worked a short time at NWS together. Great guy and a fun person glad I got to know him.*

“ *Mark Odom was a fun friend....one of my memories of Mark was when he asked me to a school dance we got all dressed up and fancy he just lived down the street from me on Mildred Street...Mom and Dad had taken pictures of us. Mark had the biggest heart he was a brave and couragest person...he was the kind of person who didn't care what someone else would say in a negative way he was not going to let anyone make him feel bad about anything. He was so dang funny always would make you laugh specially if you was feeling down....Mark E.Odom you will never be forgotten...always rememered in a fun and great way. To Marks wife Kim, I'm so so sorry honey I just can't emagine. My deepest condolences to you and your children.*
