“ Thoughts & Prayers for the Stager Family! He was so proud of all of you! Mark & I met 10 years ago when we both worked for Hickory Chair...instant friendship! We text or emailed every day since. Such a good hearted person! I texted & called when I didn't hear from him...then got the call he was gone. Will truly miss Him!

“ Blessings to Mark's family.. Over the years he shared pics of all of you on his visits back to MI. We started out as colleagues in the interior design world and became friends- (NYC) . When I had not heard from him on 3/22..I texted “Should I be worried?”. A week later I was told. Shattered. Luvd our constant texting, calks and visits... His tour for me of The Met Egyptian wing a priceless memory...His spirit is with us...
