“ Although Marvin was the younger brother of myself Carl Brafford. When someone mess with me at high School all that had to say is don't do that Marvin Brafford won't like it. Because Marvin not only could give a punch but he could take a punch and anybody can take a punch their to be feared, and again even though he's a younger brother he protected me the older brother. I will miss you always Marvin and I wouldn't change one thing about the way we grew up we had a wonderful childhood and has made us the man we are today so love you miss you rest in peace Marvin always your brother always love you Carl.
