“ *Paula was a dear and loyal friend to me for over 35 years. We shared many good and bad times in our lives. If it weren't for Paula's help, I would have never made it through nursing school many years ago. She would pick up my children and bring them to a babysitter or take care of them herself so I could get through school. And it didn't end there. We eventually worked together at Annapolis Hospital and she had such a wit, she always brought a laugh or two through her dry sense of humor. Everyone loved being around Paula. She was smart, quick-witted, generous, kind and caring. Lary and Paula used to spend a lot of time on our boat with us out at Pier 500. What fun...we laughed, we partied, we talked and thoroughly enjoyed our time together. Paula kept her witty sense of humor about her through the good times and bad times and I loved and admired her. I will never forget her who helped me to the life I have now. Truly a saint!....I love you and appreciate you, Paula*
