“ *I met Mary on a church trip, she recognized my last name and ask me if I was related to Mary Medico or Angelo medico and I told her Mary is my sister in law and Angelo is my husband, she was surprised as Mary was her best friend in high school and she knew my husband well. After that we became good friends, she also became a friend to my sister JoAnn and my niece Lisa. Mary cared more about others than she did about herself, with her wonderful attitude you could see Jesus in her, I miss her terribly. She loved her family and was so happy, in fact she was always smiling. Linda Medico*

“ I remember Mary's great spirit and caring attitude. Even when she was ill, she always asked about my wife's health. She was a wonderful person to talk to here in Country Club Village.

“ Michelle, your mom was one of the sweetest, kindest, most generous people I have known. She had such a positive and gentle way about her that made you feel the warmth of her heart at every encounter. We have so many special memories of her growing up. Her love of entertaining, her gift giving, letter writing after just the simplest meeting, and all those thank you notes. She never missed a beat. We pray for her eternal rest and for peace to you, Mark and Joey and our dear Uncle Joe. My heart is filled with heavenly thoughts.

Love,

Linda, Ed, Matthew , Claudia & Abby

“ One time when I was at grandma's house, I had a grand idea!! I found how to make a super ball-launcher-thingy. First, I got a Cookie Monster finger puppet. Then I got a super ball and put it in the puppet. After, I ran water on top of it for dramatic affect. My grandma sat by the bathroom with a mop. When my mom came to get me, she was shocked. My grandma had 1 rule, "Don't hurt yourself." My mom asked "What did grandpa[who is very sensible] say?" And I said, "Grandpa walked in, saw what we were doing, and closed the toilet seat!" I will miss my Grandma who was as sweet as the sweets that she gave me. In Heaven she will have Klondike bars and unlimited pudding! Love, Joseph Edward
