“ I love you Mary. I know that we had our ups and downs over the 55 years that you were my sister. I always love you and I always will. And I miss you already. I'll never totally be whole with you gone. I love you.

“ I have so many sweet memories of Mary. She never let anything hold her down. She was fiercely independent and every bit as generous. I loved her quick wit and contagious laugh. I love and miss you my sweet cousin. Pray for us as we pray for you.
