“ *I learned of Mehgan's passing today and I am truly saddened by this news. Meghan was a former co-worker and fellow writer. She had a very unique personality and passion for animals. I valued her critique of my writing and appreciated her honesty. My deepest sympathies to her family & friends. May she forever live in your hearts and memories.*

“ *Meghan was always such a loving and caring person and a great friend. So many of my favorite childhood memories include her. I remember playing tag, roller skating, running through sprinklers, lazy days of reading books, and watching/listening to baseball games at your house. We always had fun times together. I am glad to have known her & to have such great memories of Meghan & I will always remember her welcoming smile every time I knocked on your door to play. The world has lost a wonderful woman & Heaven has gained a true Angel. I am so sorry about your loss my heart true my goes out to you Ellen, Jim, and Richard.*

“ I was blessed to watch Meghan grow up from a small child to the caring, considerate, tender hearted woman she became. She always impressed me with her warmth and kindness. She had such a generous spirit at such a young age. I loved having her spend time at my house when the kids were playing. sometimes singing outside at the top of their lungs, Sometimes they were so quiet I would have to peek in to see if they fell asleep- but no, she and Jennifer would both just be sitting on the bed with their noses in a book! Meghan's laugh was infectious, hearing her laugh always made me want to laugh with her. Thinking of how she brought joy and happiness to so many that were touched by her life. she was a beautiful person inside and out and the world is a sadder place without her. My heartfelt prayers and condolences to you, Jim and Ellen, and the rest of your family.
