“ *After meeting many of Mike's loved ones today, it's clear that he came from- and surrounded himself with- great people. I am so grateful to have known Mike and to meet you all today and learn more of where and from whom Mike came. A big part of him lives on in each of us and everything he touched. God Speed, Mikey. You and your loved ones are in my thoughts and prayers forever. Keep a shop hoist open for me up there, Brother. I'll bring some tools and I'll be seeing you again. Your buddy, - Steve-o*

“ Mike, I know you weren't expecting this sudden departure and none of your friends or loved ones were prepared for it either. You were a bigger than life character for being just an average size guy! You usually had a smile on your face and could find humor in just about anything, which brightened many of my days. We won't get a chance to take the jeeps out for a trail ride this spring, but you are always welcome to ride along with me whenever you want! Keep the rubber on the trail my friend!!!

“ I was very saddened by the news of Mike's passing. I really enjoyed working with him over the past few years. He always freely shared his wealth of automotive knowledge and the products that I worked on with him were better because of it. Mike will be in my prayers. Bless you all.
