“ *Mikale was truly the best of us all! She was the kindest person I've ever known, and had a smile and heart that just lit up any room! I was blessed with 30 years knowing Mikale. She taught me a lot, and always inspired me, made me laugh, and even when she was fighting Mr. C, she made time for me. Always a bright star in the world, a true child of God, a wonderful daughter, sister, mother, wife, grandma, and friend to all. She is truly missed, but i know she's waiting in heaven to welcome us home with a grin, a hug, and a joke! Love you Mikale, always!*

“ I have so many great and special memories with Mikale, it's hard to only pick out a few. Mikale was my best friend, co-worker, neighbor, and quickly became family. Mikale showed me the meaning of a true friend, the meaning of "being there", and she showed me how awesome and precious life really is. Mikale came into my life unexpectedly when I needed a friend the most, which I am forever grateful for. She always brought so many people together, and I've gained multiple friends that will forever be in my life. I will miss our bonfires, which always ended up with singing "summer nights", garage beers after work on a Friday (well sometimes during the week also), crafting, planning and mapping out our Saturday mornings around estate sales, our 45 minute plus phone calls, even tho we were 4 houses down from each other, seeing New York together for the first time, hearing you say multiple times a day that "you're not the boss of me", and simply just being together. I first thought how hard it was going to trying to fill the void I have in my heart and life without you in it. But the more I thought about it, I realized that the only void will be our face to face contacts because you fill my heart with a special love that will never leave me. I now have the best guardian angel watching over me, and one day we will be together again. Thank you Mikale for everything you did for me, I will forever love you and miss you everyday. Mikale wanted me to read 10 words about her that reminded me of her. It was difficult to only pick 10, but here are mine.
