“ *Jeff and family,*

As Nick Thomas already stated, out thoughts and prayers are with you and your family. They say you can know how special your parents are/were by the actions of their children. I can say your father, along with all of the members of your family, has done a great job having left an awesome legacy and must have been proud to have you as his son.

Please let me, or any member of the KAST team, know if and how we can assist you or your family.
