“ *Mr. Shettler was my auto shop teacher at Bentley high school. Our class was filled with a bunch of misfits and Mr. Shettler was able to get through to us and teach us all so much! I learned many things from him that have helped me throughout my entire life. He was a great man. Our group of friends still talk about him over 40 years later. His class was the best class I ever took. My deepest sympathy to his friends and family. -Class of 1984*

Thank you for sharing. I remember when I was little he would talk about all his students!

Mr Shettler was the best. His sense of humor made for hilarious times and memories. He would always joke about living in Milford and how it was so much better than Livonia..lol. Always with the sense of humor. RIP Mr Shettler

“ With a broken heart and great sadness, we say goodbye to a dear friend of 28 years. We know you are back with your bride and for that we rejoice. There was no better role model for a true friend, kind soul and husband. Your dedication to Jan was inspirational to all. 💔

*Monte was a recent, but much valued addition to the Plymouth Historical Museum Maintenance Team. His expertise and experience were invaluable to us, but more important was his good humor and camaraderie.
He is already sorely missed.
Godspeed, Monte Shettler.*

“ Uncle Monte & Aunt Jan - thinking back, I can remember visiting you both when I was a bit older and you letting me ride your “electric” bike up/ down the street.

Uncle Monte always went in for the “bougie”.... A small kiss before we left.

I wish we lived closer and created more memories.

Happy you are both together again. Love you both, always....

Your god daughter Kimberly xo

“ We are so sad to have lost one of the best neighbors. Monte was always outside, always talking to a neighbor, always doing something to help someone. A few years ago, he gifted one of my son's who is a runner, his treadmill so that he didn't have to keep running outside when it was icy and dark. Just this winter, he saw that my husband put his old snow thrower to the curb and took it back to his house where he completely rebuilt the engine and gave it back to us. He came over one day and gave me a heart shaped ring holder that he made. I will never forget such a kind, helpful and friendly neighbor. I miss seeing him on our street already. Rest in Peace, Monte.

“ 54 years ago. I was your first ever student assistant. He was your student. You tried keeping us apart in class, but love won out. Both you and Jan took us under your wings and taught us what a relationship and marriage should be. So many heartfelt talks and memories. For Don, you are the reason he became a shop teacher. He worked with you summers and you taught him so much. Honoring you both, we named you godparents for our first child. You were there for her too in hard times. There are no words to express the love we felt for you. You are with your bride now and we send our deepest sympathies to your family, knowing how much you will be missed. Forever in our memories, Don and Cheryl

“ We are still shocked and so sad at Monte’s passing—we had talked or texted with him three or four days earlier. Our long friendship leaves us with so many memories of good times together, meals shared and the many “projects” he helped with. We treasure the handcrafted items he made and gave to us (and other friends) from time to time—not for any particular occasion, but just because he enjoyed making people happy.

Rest in peace, dear friend, your light continues to shine!

“ Words cannot describe the essence of true friendship. Losing Monte as a best friend, is like removing a brick from the foundation of life. As friends, we shared much in what we thought and what we did, both in joy and sorrow! Monte touched so many lives and was a role model for all. His faith, family, friends and dedication to teaching, were primary convictions in life.

Rest in the Peace of God’s Blessings my friend, and may your many influences live on.

“ Monte was always there for us when we moved into our new home. He could fix anything with a smile. He was also there for our boys as they played in the woods. I remember the time our little ones set a small fire in a log in the woods. They were terrified and running backs and forth from the creek using their little shoes as buckets for water. Monte was right there to the rescue with a gentle helping hand and put that fire out. Of course there was a life lesson to follow. Monte had a heart for all things living and found the good in everyone.

“ *Mr. Shettler was my Bentley High School welding shop teacher 1975-1976. He was the inspiration for my direction in life and I am very grateful to have known him. The world has always been a better place with him in it because he has touched so many. I have not seen him for 45 years but he has been around my family for many years. I'm sure he will be greatly missed by all. My condolences to his family, he was a wonderful man...*
