“ *My deepest sympathy to the family. I was blessed to have met Neka, and am so grateful Dina, that you brought her in to see me not that long ago. She always spoke of her family, and although I could not always understand, it was obvious her heart was full with love for all of you.*

“ *Angelo, We are so sorry about your loss. I can remember when your mom would stop by our house for brief visits now and then on her way to and from the local store . She was such a kind person with a big heart (and many stories)!! We were always remembered as the house where the police lived! Angelo, I know she loved you very much by the way she glowed and smiled everytime you entered the room. After all, who else could make her laugh as often as you. Your mom will always live on through you and her grandchildren. God Bless.*
