“ *To Pat Hickmott's family:*

*I am very sorry that I will not be able to attend the service for Pat on the 26th. You all have lost a valiant and remarkable woman.*

*I was Pat's therapist for over 14 years in Ann Arbor. She first came to see me after she was a patient at Ypsilanti State Hospital. She was pregnant with Nicholas and used to bring him in a carrier to her sessions. My co-therapist and I saw her through many trials and difficulties but the remarkable aspect about her was that she never gave in to her illness but persevered. She worked and supported herself, always paid her bills and was a functioning member of the community.. You all were part of her sessions as the time went by. She cared about you and I am sure you helped in her ongoing stability. I have always marveled at her endurance and fortitude. I was glad to have an occasional contact with Pat, the most recent one in December at Glacier. She is at peace and my thoughts are with you. Victor Stoeffler, 441 Sumark Way, Ann Arbor Mi. 48103.*
