“ *Pat was absolutely amazing, she worked with me well into her 80's and we all joked that having her at work was better than having 4 twenty year olds! No one worked harder than Pat, she'd be in every morning at 6am, she had a work ethic that you rarely see anymore. She knew the dentistry field inside and out and had a wonderful career at the University of Toronto Faculty of Dentistry. She will be sadly missed by many of her friends here in Canada.*

Pat was a wonderful colleague and friend. She taught me so much about Dentistry and was always patient and kind. An important memory of Pat was her incredible sense of fashion. She very stylish, she came to work dressed impeccably. I will miss her beautiful smile and her wonderful laugh. She was a treasure that will be missed.

Pat was a very special lady. I worked at the Faculty of Dentistry for many years. We both lost our husbands as they both were diabetic and actually they had the same doctor. We often shared similar experiences. She had a positive outlook on life and it was indeed my pleasure to have known and loved the wonderful person she was. Rest in Peace Pat 🙏
