“ *Dick Gray was my football coach in 1972. What a Great team. He could surely motivate young players. He was a hard ass when he needed to be. Proud to have played for him.*

“ *Barb, we are all very saddened by this news on 7W. He will be missed, and I will never forget sharing teaching stories while in my care. We loved him, and you and will always remember the love you shared. I was an honor to take care of him. He will be missed.*

“ *Absolutely Great teacher...one of the best. He's one of the few teachers that I'll never forget. He brought out the best in all of his students.*
