“ *Bob and I grew up in the same neighborhood. As young boys we were together every day. Grew apart as we entered High School. I know he was good father and husband. RIP my friend. Ron Britt*

“ Bob was the energizer bunny, he never stopped doing things at the cottage except to talk to me and that usually ended up being a long talk. we talked a lot, checking on each other while at home, driving to and from the cottage. In the two years I had our cottage Bob was always offering to help do things or let me use one of his tools what a good hearted person, I'm going to miss you Bob but you will always be in my heart and thoughts. Barb if you ever need anything, please call.

Miss you

“ I've known Bobby for many years as a neighbor on Big Bradford Lake. We looked forward to him stopping by and talking for awhile when driving down the road. We will miss seeing him early in the morning out fishing. Bobby always had a wave and a hug. RIP Bobby. You will be missed.

“ We’ve been blessed to be Bob and Barbs neighbors at the cottage on Bradford Lake for many years. We always look forward to our visits together every summer. He’s always there with a smile on his face and a helping hand, or a tool to borrow (or a truck for that matter). Life at the cottage just won’t be the same without him. Our prayers go to Barb and the family. God bless you.

“ Lived four doors down up-north from my wife’s family cottage (now mine) for years and years. The definition of “kind”. I’ve lost my only friend up north. God’s speed, brother.

“ I’ve known Bob and Barb for many years going way back to the early years before kids. My husband Lou worked with Bob at Special Machine and Engineering and they struck up a friendship that came to include Barb and I. I have so many fond memories of the fun times we’ve had together, too many to mention here. As years passed and jobs, kids and family obligations became priority we still kept in touch with Christmas cards, and reunions with the Special Machine and Engineering group of friends. When we would see each other Bob always had a smile and a big hug for us and we’d have a great time catching up, it felt like old times. At my darkest time when Lou passed away last year, Bob and Barb were at my door, they stayed awhile with me giving their personal condolences and company which meant the world to me.

*Bob was a warm and caring man, a great friend, and a loving husband and father and will always be greatly missed.*

“ I’ve been blessed to have met Bob through his wife Barb. The Allen family is truly a loving and giving family. Bob was always willing to give a helping hand or smile when you needed it most. Barb and her family are in my prayers.

“ Such an amazing family-friend that I was blessed to have met many years ago along with his family. He was a very outgoing individual and always made you feel warm and welcome to be around. Enjoyed the many talks, laughs and impromptu visits up north and at home . Loved watching the deer out your back window too . Your family was very blessed to have such a genuine soul in their lives. You fought tough and hard as you said you would . Show them up there what fishing and hunting are all about !! You will be truly missed!

*Thinking of you all with deepest sympathy !!*
