“ Dear Papa, You have been a nice boy. You had a lot of apples that I liked. Well, it's kinda a little day of kindergarten and you were so better and next you loved me. Papa, I really miss you. You were very good with me when I was with you and you lived so far away Momma could track you down. It would be so nice if you were coming home here at Dearborn Heights. I love you Papa. I hope you are good. I like you, Papa.

“ *We are with all of you while you grieve this loss. Grandpa Brayman had such a kind heart and determination to be the best man that he could be. I know that he is the father of my mother's best friend, however, I always looked up to him as a grandfather and called him Grandpa Brayman. He was the kind of person who would take his own shirt off his back to give it someone else if needed. All of you are so lucky to have been blessed with such a wonderful male role model. I know that he is in a better place now and that he was ready to go when he did. Now, he is able to be reunited with Grandma Brayman and will no longer feel the pain that he has been in lately. All of you are in my heart and prayers. I love all of you!! Deven, Erik, Tyler, and Critter*

“Dad, I miss You so much already , but I'm so grateful for the last day we had together, You made My miracle come true, I know You knew how hard this would be for Me. There has never been a man ever come close to the man that You have been , I remember when I was a little Girl and You had to walk to work in the snow to Your two job's and carry grocerie's home because We didn't have a car and Your Wife and 4 Kid's at the time needed you so much , You were alway's mister fix it yourself, i remember all the time's you had to take the toilet off because CHERI thru cigarette pack's in it and clogged it up, and Dad the turkey and stuffing will never taste the same again , because we won't have Your feet to squish the stuffing and mix it up and My sister's and I will miss You making Christmas cookie's with Us and this was the saddest Christmas my kids ever had because You never missed a Christmas morning with My Kids since Randy was born , and while i'm mentioning Randy, Dad I wouldn't ever of been able to keep him without You and Mom because You believed in keeping Family together , and look at Him now raising Two little Boy.s that are not his own blood . and You loved them lillte guy's too! You told Me You wasn't planning on being a Grandpa just yet , But we'll keep it , care for it and love it meaning Randy . and We have. Dad ,I know when Mom died a part of all of us died with Her , but Your decided to go on and live for Your Kids and Grandkid's and You taught Us all the same so as hard as it will be to live without my daddy i will go on and make You proud, so go to heaven and be with My Mom and let Her know about all Your beautiful grandkids and great grand kids , and watch over us until we join You there with god, we will miss you at Justin's hockey game's and all the rowing regatta's but in are heart's you will alway's be with us I know that You were Proud to be the Daddy of Twin's , Someone once told You and Mom that only special People are picked from God to be Parents of Twin's but really Ruthie and I were lucky to have Parent's like You. and My Husband (Your Favorite Son in law) and (Your only son in law) will be lost without all your advice on how to fix everything and He will miss You to . as will Randy and Angie, Terrence , Justin, and Cheyanne and the little ones Joey , Gavin, Natey and Your Precious little Sunshine Miss

Madysen , so go now Dad and rest for You have done good.
