“ I was saddened to learn of the passing of Robert De Fauw. Although I only had the opportunity to meet him briefly at his grandson's birthday party, it was clear he was deeply loved and respected by his family. A highly decorated public servant, devoted family man, and a life well lived. My sincere condolences to the De Fauw family as they celebrate an extraordinary legacy.

“ Mike MacDonald and family - long time Elk Lake neighbor checking in. We have a lot of great and lasting memories of Bob and his family. Everything from chasing down illegal hunters, and lots of fun times.
We remember the time Bob was taking young Richard water skiing with his beloved Red big V8 Donzi and some guy cut them off!. Capt Bob leaned on the horn, shook his fist in the air & inadvertently? tried to chase them down. He momentarily forgot about the kid in behind & young Richard hung on for dear life going probably close to 50 mph!! RIP BOB 🙏

“ Bob was one of the finest, kindest and most professional investigators at the Wayne County Prosecutor's Office. He, like all of our investigators had been around the block for sure! Whenever we had important cases, we knew we could rely on Bob. He was the consummate professional and got us everything we needed to successfully prosecute, protect us, and win our appeals. He was very well known at the federal court by everyone.

Bob always talked about his family being the most important thing in his life and was a man of deep faith. You will be together with the love of your life- Danielle.

May God bless you always- Rest in peace and you are all together again perpetually. May eternal light shine upon you always.

“ Bob was are neighbor up north & we are very thankful for the many years of his friendship. We were in agreement that being up north was the most tranquil place to be blessed to share. We enjoyed sharing deer hunting season together & our sightings of & encounters with various wildlife throughout the year. Bob was especially pleased & enjoyed hearing about & seeing photos from when Bear would pass through the "compound" as he so lovingly referred to the property. He was a very gracious, generous & honorable man, friend & neighbor. His love for God, Family & Country was abundantly evident. A debt of gratitude is owed for his many years of faithful & impactful service for our Country. His passing leaves behind a profound & lasting legacy for his family & all whose lives he touched. Prayers that precious memories, the knowledge that he is now walking alongside the Lord & reunited with his beloved Danielle bring comfort & peace to all during this time of painful & tremendous loss.

“ How do I begin to talk about someone I've known since I was six years old? When Bob was with DPD Vice, my father was a special agent with the Federal Bureau of Narcotics and worked so frequently with Bob, that they became close friends. Bob used to come over to our house for pasta dinners. My father recruited him to come over to the FBN and, as they say, the rest is history. When I began my career with the Wayne County Sheriff Department, Special Ops, I was fortunate enough to become a task force officer at DEA, under Bob's leadership. On his last day in the Division, Bob jumped in a car with me, Charlie Moffitt and Mark German, and we proceeded to conduct various street enforcement activities in Southwest Detroit, where there was no lack of targets. Bob loved it! He had a great time. So, my father ushered him onto the job, and I was fortunate enough to usher him off. What an honor! Bob was a cop's cop. A hard charging, mission-oriented leader who had the utmost respect of anyone who knew and worked with him. He backed his people 100%, always! I continued that working relationship with him when he moved over to the Wayne County Prosecutor's Office. Still being active in law enforcement, I truly know the meaning of "they don't make 'em like they used to"! Bob, you are one of a kind and I look forward to seeing you again!

“ As a new agent in 1983, I worked under Robert DeFauw, who was the Special Agent in Charge (SAC) of the Detroit DEA field office. SAC DeFauw conducted himself with great certainty. He was aggressive, a hard charger, and a great leader. Those who worked under him were grateful for his expert guidance. He brought a vast amount of experience to DEA Detroit. A true legend. He will be remembered by many.

Charles Moffitt - May 26 at 03:08 PM

“ When I think about the people who shaped my career and the kind of leader I aspired to become, Mr. De Fauw stands out immediately. As the SAC of the Detroit Field Office, he was the one who administered the Oath of Office to me when I became a DEA Special Agent. That moment was more than a formality — it was the beginning of a calling, and he treated it with the seriousness, pride, and sense of purpose that defined his leadership.

I still remember the way he spoke that day: steady, direct, and sincere. He understood the weight of the oath, and he made sure I understood it too. Afterward, he handed me a handwritten note — a simple gesture, but one that carried tremendous meaning. I have kept that note all these years. It reminds me not only of the day I entered the DEA, but of the kind of leader he was: thoughtful, intentional, and deeply committed to the people he served and mentored.

His passing is a loss felt far beyond his family and friends — it is felt by every agent, colleague, and community he touched. May his memory be a blessing to all who knew him, learned from him, and loved him. And may the example he set continue to guide those of us who had the privilege of serving under his leadership.

I was honored to be by his side during his transition from this life to be with our Lord. It was so peaceful and beautiful. The room was was a relaxed atmosphere Frank Sinatra playing in the background ,warm cozy blankets on his bed .He was surrounded by his loved ones Richard ,Michelle and I witnessed him leaving us to meet with the Lord and his sweetheart. No pain,just apeaceful moment in time.Now we must go through life without him with heavy hearts and tears of sadness. I promise Dad we will keep you in our hearts and keep you alive by celebrating and honoring you at all our birthdays celebrations,at all our holiday gatherings.

“ I'll always remember Bob's generosity and hospitality towards me and my family. He would welcome us to his home any time and was always excited to see us. He had a fondness for watching my daughter and his grandson play together and we would laugh at how well they got along even being 8 years apart.

I as fortunate enough to spend some time up north with him and clearly he had a passion for his property and the peacefulness of getting away from it all. I remember on night sitting by the fire with him and hearing stories from his time around the world and thinking in the moment I was sitting with someone who had seen a lot and who made an impact on this world.

“ I first met the DeFauw family when Rick and his siblings started attending St. Joan of Arc elementary school in Saint Clair Shores (1981/82 school year). I became the best of friends with Rick and spent a great deal of time at the DeFauw residence during the high school and college years. I felt like family there because I was always treated as such. Mr and Mrs DeFauw were great people that I always admired and appreciated for their kindness. Mr DeFauw always encouraged Rick and I to stay out of trouble, but have fun. Even in recent years he invited my family to go up north. He was always very inviting.

On this Memorial Day I also remember Mr DeFauw as a great American. His service toward our country not only in the Marines, but keeping drugs out of our communities while working in local, state and federal law enforcement is monumental in scope over a long and distinguished career. “Bob D” was a striking figure when I met him in his 50s and always stayed that way in my mind. His stories were legendary.

I admired him for his strength, courage, patriotism and love for family, God and country. May he rest in peace with his lovely wife, Danielle. I hope to meet them both again.

“ I met Bob through his wonderful daughter in law Michelle and wonderful son Richard. Richard devoted his life to his dad, Bob and anyone who knew them knew just how special their bond was. Bob loved nothing more than his land up north, his dog Benny, and his family. Once he moved to the lake he was just so happy. I would come over to find him dressed up head to toe just staring at the view that he cherished so much. Every time I saw Bob he would say “ how you doing there beautiful” a sentence I can hear him say in my head even now. He was such a special man and he will be deeply missed.

“ years ago, I remember meeting ROBERT he was down at the marina with Rich and his wife and they were celebrating with ROBERT. They had a table out with a big white tablecloth and a bottle of champagne.
as time went by. Rich told me all kind of stories about ROBERT and all he had accomplished over the years...
Rich was always so proud of his mom & dad ...

When Rich and his wife had Little Dutton the Pride he shared with me of his dad & mom having Dutton as there grandson was amazing.

ROBERT was an amazing man making it through the Korean War and taking on some of the most challenging careers. A person could think of.

ROBERT sure is an INSPIRATION to all of his family and friends and all the people he helped in the past and their families...

“ I remember on this Memorial Day Bob DeFauw being one of the few and the proud Marines who served during the Korean War. I remember joining him, to start and coordinate at Bob’s suggestion, a DEA Detroit Police Task Force to investigate, arrest and prosecute the largest Drug gang in Detroit’s history, (Young Boys Incorporated). I remember after the YBI arrests, a Detroit News newspaper article describing Bob as a stocky barrel chested man with a voice of a bullhorn and me looking more like a insurance salesman than a Cop, dotting every i and crossing every t. Bob never let me forget that description 😊 I remember after our retirement from Law Enforcement, Joining him on several occasions in Mexican Village at one of his favorite restaurants, Xochimilco for some spicy mexican chow. I remember taking our sons to see the Tigers play baseball, joining him and his ASAC Joe Salvemini to see the Lions play football. But most of all I remember a genuine 45 year lasting friendship.
