“ *I met Bob over 42 years ago when I went to work at Henderson Ford in Ann Arbor.
Small world, I found out he lived 2 miles down the road from me and Kevin and Keith had been on the same same school bus as me for a year or two.
Bob was the best and smartest mechanic I ever worked with. He could look at things and see a better way to make it work and then do it. He wasn't just a mechanic, he was a machinist and inventor.
Most of all Bob was a good man and a great friend.
I learned a lot from you Bob. RIP*

“ My thoughts and prayer to the Hesse family. I have so many memories of Bob. He had a wonderful sense of humor, and always had a smile and brought so much cheer to us at Briarwood Baptist Church. My fondest memory of Bob is how he touch my son Sean. My son so much wanted to ride a bike but because of his size he needed a special bike. Bob who loved to invent things work on making a set of training wheels for a 26" bike. Welded right to the bike 12" training wheels and they were adjustable, but more important was the look on Seans face, priceless. He still rides this bike and loves it...
Bob you will be missed but I know that we will see you again at heavens gate. Rest In Peace Bob.
