“ *The news regarding Bob has left us all here at R&E just floored.*

When I shared the news of his passing with the team, the expressions from all revealed the depth of the loss everyone that knew him must be feeling.

We first met Bob back in 2007 and were instantly captivated by, not just his knowledge, but his demeanor and cheerful outlook on, well, just about everything. For the last 14 years Bob has helped us through all manner of issues, large and small. And always with a smile, and the grace and charm of a true gentlemen.

He will be missed.

“ Bob will be missed as a wonderful neighbor, always ready to lend a helping hand and always greeting you with a smile on his face. He always beat us outside with the snow blower, and as new parents we were thankful. We remember him as a proud grandpa too, coming home from work to visit and play in the backyard with his grandkids.

We were welcomed so warmly at Brittany and Bill's home for a family celebration – what a great display of love and family togetherness. We know what a loss this is to so many. Sending peace and love to his family and friends.

“ We are very shocked to learn of Bob's passing. I have known him for several years, as he was the sales representative that serviced the company that I work for. As everyone is stating in these tributes, he was the most friendly and down to earth person that I have ever had the pleasure of knowing. By his conversation, you knew that his family is the most important aspect in is life, above all else. Praying for peace and comfort for Bob's family at this most difficult time. “ Bob has been a friend and work associate of mine for 35+ years. His commitment to his position as Sales Engineer for LECO Corporation and to caring for his customers, whom he considered friends, (extended family, actually), was complete and unwavering. His family meant the world to him. We always had to have "family updates" whenever we talked, which was often. He was kind, gentle, soft-spoken and his sincerity was obvious. I am still in shock and deeply saddened by his loss. My wife Kathleen and I will pray that his soul may rest in peace and that his family can take some comfort in the knowledge that Bob was loved and respected by so many. He was just a good person. “ *I met Bob during my first weeks at LECO. I was impressed by his interest in people. He remembered everyone's name and was truly interested in who you were and what you were doing. Rising up through the ranks from a service position, Bob had a better understanding of the technical side of LECO's business than most sales people. This made him a very valuable asset. Bob is one of the many people I missed when I retired earlier this year. I pray for comfort for his family and friends in the coming days, months, and years. Dave Coulston*
